

Learn to Powerboat at GBSC!

Powerboat Level 1:

This course provides the skills and background knowledge needed to ride safely on a powerboat and teaches the basic skills to handle any power driven vessel. It includes close quarters handling, high speed manoeuvres, man overboard recovery and collision regulations. This course runs from 9.30am to 5pm over one day. It does not qualify you to drive a powerboat without an instructor on board.

Powerboat Level 2:

This 2-day course provides the skills and in-depth knowledge needed to skipper a powerboat and is the basis for the International Certificate of Competence. It includes confined space handling, high speed manoeuvres, man overboard recovery, passage planning, aiding a disabled craft and collision regulations. Our course has the added advantage of being endorsed for coastal waters and gives you an internationally recognised qualification for skippering powerboats. This course runs from 9.30 am to 5pm over two days (usually Saturday and Sunday unless otherwise arranged).
